FOR 20 KEYS OR 14 CARDS

Our KeyGarage™ 797 with shackle and individually resettable number code is suitable for storing keys and cards.

Hiding keys under the doormat or flowerpot is a thing of the past. Because with our KeyGarage™ 797, your keys and cards can be stored conveniently and safely. Inside the strong metal housing, there is room for up to 20 keys and 14 plastic cards. Access is via a four-digit number code that is set via adjusting wheels. Thus, only authorised persons have access. This is particularly useful for frequently changing groups of people such as tradesmen, holiday guests, vehicle rentals, nursing staff and the like. With the shackle, you can hang this key box on the doorknob, for example. We recommend using the KeyGarage™ 797 in protected outdoor areas.
