

# THE SCHEDULE 8 DISPENSARY - WALK-IN DRUG SAFE

Compliant by Design. Secure by Nature.

The World's Trusted Safe

**SCHEDULE 8 APPROVED DRUG SAFE**  
Aus Health Department Compliant

**AVAILABLE WITH ACCESS CONTROL**  
Hi-Level Controlled Drug Storage

## **WALK-IN SCHEDULE 8 DRUG SAFE** **Australian Health Department Compliant**

The **Walk-In Schedule 8 Drug Safe** is purpose-built to meet the increasing need for secure, compliant, and scalable storage of **Schedule 8** and other controlled drugs. Engineered to the same rigorous standards as our Guardian Drug Safe range, this facility is ideal for **hospitals, aged care homes, pharmacies, medical centres, and veterinary clinics** requiring high-capacity drug storage under full legislative compliance.

Constructed in accordance with all **State and Territory Health Department regulations**, this walk-in facility is fully compliant with the Drugs, Poisons and Controlled Substances Regulations Act 2008 and designed for superior security, functionality, and peace of mind.

Meets All States &  
Territory Regulations

# THE SCHEDULE 8 DISPENSARY - WALK-IN DRUG SAFE

## Compliant by Design. Secure by Nature.

### Key Features:

- Complies with State and Territory Schedule 8 drug storage regulations
- Constructed to pharmaceutical-grade security specifications
- 10mm mild steel plate construction with continuous welded seams
- Flush-fitting 10mm steel door with concealed, welded hinges (1.5mm clearance tolerance)
- Internal anti-pry locking bar engaging a reinforced rebate
- Securely fixed to resist physical attack: 30 minutes (hand tools) or 5 minutes (power tools)
- Optional access control integration: Ross key, digital, or proximity systems
- Modular panel options: 45mm and 75mm composite steel
- Customisable interior: shelving, lighting, ventilation
- Fully installed, certified anchoring and disposal services available

### Legislative Compliance

This safe meets or exceeds the minimum construction standard outlined in the **Drugs, Poisons and Controlled Substances Regulations**, providing security equivalent to:

- (a) constructed of mild steel plate of 10 mm thickness; and
- (b) constructed with continuous welding of all edges; and
- (c) fitted with a door constructed of mild steel plate of 10 mm thickness, swung on hinges welded to the door and body of the cabinet, the door being flush fitting with a clearance around the entrance of not more than 1.5 mm; and
- (d) fitted with a fixed locking bar welded to the inside face of the door near the hinge edge, which engages in a rebate when the door is closed; and
- (e) fitted with a 6-lever lock securely affixed to the rear face of the door; and
- (f) securely attached to a wall or floor in such a manner that it will resist attack by hand tools for 30 minutes or power tools for 5 minutes.
