Home & Office

REDEFINING SAFE OPENING

Modern protection at home and in the office at an affordable price - new electronic lock provides the higest level of convenience.

The benchmark in its class

SECURE & MODERN THE NEW PURE-SAFE COMBINES THE MOST IMPORTANT FEATURES EXPECTED OF A QUALITY SAFE OF THIS CLASS.

A growing number of people are opting for the additional security of a safe. Ideal for locking away watches, jewelery, cash, cards and ID documents before leaving the house. The new Pure-Safe safes offer a good level of protection at an extremely attractive price. The Pure-Safe has some very unique features.

For example, the convenient, automatic door opening by motorised bolts on all models with an electronic lock. The new control panel is flush-mounted in the door and operates with absolute precision. There is something to suit everyone among the models - including those with a conventional key lock.

Solid protection. All Pure-Safe models offer a robust level of security. The door is double-walled, the locking bolts are reinforced and the body has protection against drilling. After all, security counts!

Automatic door opening. The Pure-Safe motorised bolts open the door automatically by simply entering the code. Valuables can then be conveniently placed inside or removed - a real benefit!

Modern & Clear Design

✓ Flush-mounted electronic lock with Key override

✓ Haptic feedback when a button is pressed

✓ Clear display with precise indication
